WHAT CAN A PHILOSOPHY MAJOR AT UK DO FOR YOU?

As the world shrinks, opportunities grow – the career options are endless with a degree in International Studies. You could pursue anything from international policy to philanthropic work to teaching English as a second language in a foreign country. International Studies is an interdisciplinary program that teaches students to understand a global theme and non-North American world area from multiple perspectives, to gain competence in a related foreign language, and to carry out in-depth research and writing. International Studies majors graduate with skills that enable them to live and work as global citizens throughout the world.

PHILOSOPHY MAJORS ARE ABLE TO:

- Write and speak effectively
- Understand and critically assess complex ideas
- Recognize assumptions behind conflicting viewpoints
- Develop and formulate logical arguments
- Identify ethical issues raised by possible courses of action
- Think creatively in the face of unforeseen challenges

PHILOSOPHY MAJORS GO ON TO BECOME:

- Business executives
- Lawyers
- Counselors
- Public policy advocates
- Social workers
- Foreign service officers
- Ministers
- Professors
- Teachers
- Journalists
- Editors
